THE ARMoured FIGHTING VEHICLE TECHNICAL TRAINING SCHOOL

GUNNERY WING

Number: 25063039 Rank: WO1 Name: Bluhme Unit: OPS SD TRG-UK-DEL-Lulworth

Course Number: 379N/19/001 Course Name: AFV (A) Range Planning Officer

Course Dates: From: 3 June 2019 To: 12 June 2019

Cse Offr: Capt Bowden Cse WO: WO2 Thompson Cse Instr: SSgt Walker

WO1 Bluhme arrived on the course with an excellent foundation in range work and quickly understood the planning process of an AFV range. He understood template construction and produced all Weapon Danger Area templates to a high standard.

During the Formative phase the standard of trace work was excellent, and this consistency continued during the Summative phase. He developed a very good understanding of the complexities in Range Danger Area (RA) traces.

WO1 Bluhme developed a very good grasp of the procedures required to be a Range Conducting Officer and applied these during the range rehearsal. The LFTT walkdown that was conducted was safe and well controlled, making good use of the available real estate. His walkdown was delivered with confidence and confirmed well.

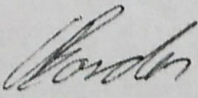

WO1 Bluhme can be pleased with his achievements on the course and should be commended for his effort. He is now able to plan and conduct progressively complex LFTT exercises with the advice and guidance of the Senior Planning Officer.

WO1 Bluhme is awarded the AFV (A) (08) qualification.

JPA COMPETENCY AWARDED

Competence Group	Competence Name
